10 Pisces Traits

1. Tender

You cry at beautiful things, not just sad ones, and you wouldn't trade that.

2. Intuitive

You knew something was off before anyone said a word, and you were right.

3. Dreamy

Bored for ten minutes and you're already planning a whole new life somewhere else.

4. Loyal

You'll feed people, drive them home at midnight, and quietly never forget it.

5. Avoidant

You read the text three times, then let the phone ring like it's rude.

6. Romantic

You fall for the idea of someone, and their potential, before their last name.

7. Forgiving

You forgive in your heart, then keep the receipts somewhere deep in your daydreams.

8. Sleepy

Your bed calls and your plans suddenly feel optional, and honestly, that's fair.

9. Resilient

You come out of hard seasons changed, and somehow softer and stronger at once.

10. Generous

You give so much that you forget to check who's giving back.

Monthly Check In

Three things that went right this month

Something I said no to, and how it felt

The affirmation I needed most

One small thing for next month
